BACHARACH

May 8, 1999

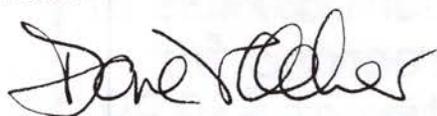

To Parents, Players, Coaches and Fans:

The Texas High School Lacrosse League welcomes you to the Eleventh Annual Championship Tournament of Texas High School Lacrosse. The lacrosse community in Houston is proud to host the most talented players and teams in both Men's and Women's divisions for championship and all-star play.

As the THSLL begins its second decade of championship play in 1999, the year has been noteworthy for the continued growth of lacrosse in Texas. This growth has been marked by increasing levels of participation for men and women in the varsity, junior varsity and youth programs in all areas of the state. It has been fueled by the countless hours committed to the sport each year by teachers, coaches, officials, school administrators, booster organizations, and parents. Your commitment to our sport and your enthusiasm, along with the dedication of our student athletes is directly responsible for the increasing levels of competition and excitement witnessed each spring and culminating at this event.

This year the tournament committee is particularly proud to host the 2nd Annual Women's championship game, all-star game and also, for the first time, both women's semi-final games.

Thanks to the St. Johns School for offering their facility to host these games. And we offer a special thanks to the many people who dedicated their time and effort to make this special event a success.

Texas High School League Commissioner

May 7, 1999

Dear Texas Lacrosse Fans:

On behalf of US Lacrosse, let me welcome you to the 1999 Texas High School Lacrosse Championships. I have attended a number of Texas high school championships, and I'm sure that this year's competition will continue the traditions of sportsmanship, athletic excellence and excitement that have become standard throughout Texas high school lacrosse.

It's wonderful to see that this year's event features both boy's and girl's championships. Although the rules for boy's and girl's lacrosse are quite different, both versions of the sport are great to play and watch...and both feature different aspects of their common Native American heritage. Continued coordination and cooperation between boy's and girl's lacrosse will enable the sport to maximize its growth potential throughout the country.

It's also important to point out that this event has been made possible largely due to the efforts of volunteers -- coaches, officials, administrators and parents -- who have given of their time and talent to provide greater lacrosse opportunities to boys and girls throughout the state. Please take the time to acknowledge their contribution whenever you can.

As the nonprofit national governing body of men's and women's lacrosse, US Lacrosse offers a wide array of membership benefits -- including *Lacrosse Magazine*, equipment rebates and insurance coverage -- to over 50,000 members throughout the country. Please don't hesitate to contact us if we may be of service to you.

In the meantime, sit back and enjoy one of the oldest and fastest-growing traditions in the country...lacrosse!

Sincerely,

A handwritten signature in black ink, appearing to read "Steve Stenersen", written over a faint background watermark.

Send this application with your check to: Star Lacrosse
P.O. Box 205678 New Haven, CT 06520

The Goal

The Goal of the Star Lacrosse Camp is to provide a positive learning environment for all participants. A competitive, but enjoyable atmosphere will be encouraged so that players are able to reach the standards which the coaching staff and players have set for themselves. A "games" approach to teaching individual technique will incorporate small group tactics to further develop each player. Players will be grouped by both age and skill level so that each child is challenged, but not overwhelmed.

The Coaches

- Andrew Towers-Assistant Coach Yale Lacrosse
- Darryl Delia-Head Assistant Coach Yale Lacrosse
- Andrew DeCicco-Assistant Coach Rutgers University
- Mike Morris-Camp Director & Player, Yale University
- Joseph Pilch-Player, Yale University
- Brad Graw-Player, Yale University

Central Division Summary

Ashley Coffman

Our first season here in Austin got off to a slow start, but has certainly caught the attention of students, parents and fans alike. Our top two teams, Austin High and Bowie both formed teams last year for the 1997-1998 season and continued to lead the league in 1999. Our three newest teams Anderson, St. Andrew's, and Westlake had fantastic premier seasons, improving dramatically and giving Bowie and Austin High something to worry about next year. These teams boast some very talented players, and it is only a matter of time that experience and confidence will mold these teams into some of the best in the state. Austin High maintained a high level of play throughout the entire season remaining undefeated, while ending regular league play in a gut-wrenching tie with Bowie. Bowie finished in second place playing some great games on their good days. Anderson had an impressive first year; finishing in third place and making Bowie put forth an effort for their ranking. Fourth place St. Andrew's remains someone to watch in the future. Made up of only Freshmen and Eighth graders this year, these girls will only get better with time.

North Division Summary

Rose Banzahf

The North District Girls season began with the addition of two new teams. The North Dallas Tornado and Episcopal School of Dallas teams have brought our number of teams in the North to seven. The season began just after the A&M tournament in February at which Plano took third place and Richardson came in fifth. Although the girls missed the opportunity to play the Austin teams since they have now separated into their own district, the new teams have added to the level of competition locally.

Traditionally strong Greenhill was challenged all year by a very healthy squad of girls from Plano. The Plano girls held first place down to the last week of play when Greenhill finally overcame a slim margin to end up the first place team going into the semi finals.

The North Dallas Tornado new kids on the block gave the league a wake-up call and bested three of the returning teams to sit in third place for the semifinals. The Coppell girls round out the play-off schedule.

At the end of the regular season Greenhill (6-0-0) sits in first place followed closely by

Plano(5-1-0) in second. North Dallas (3-3-0) is in third and Coppell (2-2-2) is in fourth. Fifth place goes to the Shreveport Loyola girls (1-4-1). Episcopal of Dallas (1-3-2) ranked number six for their first year. Richardson (0-5-1) closed out the league in seventh.

The Championship game on May 1 will determine who goes to Houston to represent the North at the State Tournament. The North All-stars have been named and are looking forward to playing in the All-star game in Houston.

Off season the North District girls participated in the Vail shootout with Team Texas, played in the Richardson Fall Tournament, attended a player clinic sponsored by the Shelton School of Dallas, played in the A&M tournament in February and the Loyola Tournament in March.

The North is making plans to start a seventh-eighth grade league next year. All the teams are excited to see the growth of girl's lacrosse in Texas and many of our graduating girls have made plans to attend colleges that offer them the opportunity to continue playing lacrosse.

South Division Summary

Angie Kensingler

The 1999 season has been one of growth and excitement in the south zone. With nine girls high school lacrosse programs in the greater Houston area, there was never a dull moment. The level of competition has been improving every year, and this year was no exception. There were a record number of overtime games, with many matches being won by very slim margins. Traditionally dominant teams were toppled by strong up and comers. The fans loved it!

A strong Kingwood (7-1) squad finished the season ranked #1, followed by #2 Lamar (7-1), #3 Kinkaid (6-2), #4 St. John's (5-3), #5 Episcopal (4-4), #6 Memorial (4-4), #7 Woodlands (2-6), #8 Bellaire (1-7) and #9 Klein (0-8).

Our off season saw many girls involved in camps and a Team Texas trip to the Vail Shootout. Some coaches took part in referee clinics in an effort to raise the standard of play in Houston. All in all, girls' lacrosse is alive and well in Houston, and the future looks great!

**After the game,
we're still sweating it out.**

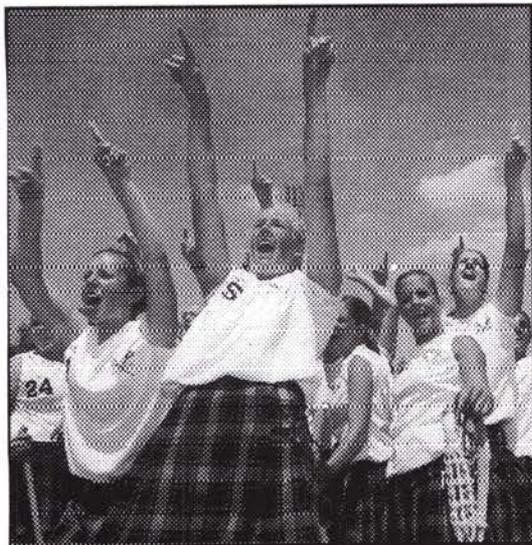

**Go ahead.
Keep playing, officiating and coaching.
We'll take care of the rest.**

**We'll bring you Lacrosse Magazine and
Lax Mag for Kids. Special events.
Clinics. New program assistance.
The Lacrosse Museum and National Hall of Fame.
And much more.**

**Because you're passionate about lacrosse.
We're committed to you.**

**That's US Lacrosse.

**ABOUT THE
REBEL INSTRUCTIONAL
LACROSSE CAMP**

This camp is designed to emphasize the essentials of lacrosse through a balanced combination of individual skill work, group drills, and team play.

Each camper will gain an appreciation of the finer points of the game of lacrosse, regardless of the initial skill level. Fundamentals, films, fitness, and fun are all part of the camp. Each camper receives a reversible jersey and a STX team gear bag.

Catch the craze of the
seventh and finest camp yet!

5 reasons you should prep
with our **SAT**^{*} course

THE SMALLEST CLASSES

Our classes never have more than 12 students per teacher, guaranteed. You'll get plenty of personal attention.

THE BEST SCORES

Students who take The Princeton Review raise their SAT score an average of 140 points**. The top quarter of our students improves 190 points or more.

GREAT COLLEGES

After all, why do you want the best SAT score? More than 9 out of 10 Princeton Review students are accepted by one of their top-choice colleges**.

GREAT RESULTS GUARANTEED

If you don't improve your SAT score by at least 100 points, we'll work with you again for free.

THE BEST MATERIALS

We spend millions of dollars each year researching the tests and revising our techniques and materials. We also give you the College Board's 10 Real SAT's so you'll practice on the real thing.

**Classes for the June
SAT soon!**

**Call or visit us at
(713) 688-5500
www.review.com**

**THE
PRINCETON
REVIEW**

*SAT is a registered trademark of the College Entrance Examination Board. The Princeton Review is not affiliated with Princeton University or ETS.
**1997 Princeton Review Study of College Admissions. Roper-Starch Study represents Princeton Review students' score improvement from prior PSAT or SAT to last SAT.
