WELCOME TO THE CHAMPIONSHIPS

Players, Coaches, Parents, Officials and Fans,

On the behalf of my fellow THSLL Board members I would like to welcome you to the 31st Texas High School Lacrosse Championship at Ron Poe Stadium in McKinney, Texas. As you can imagine, this event takes an enormous amount of preparation and effort to execute. The McKinney Lacrosse program has worked very hard as our host for this final weekend of games between the best boy's high school lacrosse teams the State of Texas has to offer.

Three and half months ago, the 96 member teams of the THSLL started their seasons with the goal of competing to the best of their abilities and perhaps advancing to post season play. The teams represented this weekend have overcome district play, district playoffs and the Super Regional playoffs last weekend to advance to this final test of their lacrosse skills. The players and coaches of these teams should be very proud of this outstanding achievement.

The role of the THSLL is to provide the organizational and regulatory structure for our teams to participate, but we face new and old challenges in meeting this requirement. We have some of the best players in the country who will go on to play Division I and Division III NCAA lacrosse, while others may have picked up a stick for the first time during their high school years, creating competitive issues between a wide spectrum of player talent. The tremendous growth of the sport at the youth, middle school and high school levels have strained our supply of coaches, officials and facilities for games and practice. The League's principle of high school-based lacrosse is partially founded on the idea that lacrosse will one day be sanctioned as a varsity sport at the state level and that it's teams should be structured so that they could eventually make this transition. If states such as Georgia and Tennessee, who have recently sanctioned varsity high school lacrosse can achieve this status, is Texas far behind? While the League is likely to surpass the 100 team mark next season, there are signs that the rapid growth the THSLL has enjoyed in the last 20 year is perhaps slowing down, creating questions on how the League should address the underlying cause of this slowdown.

Looking forward to next season and beyond, the THSLL may require a significant restructuring to address these challenges and will require the advice and cooperation of our coaches, parents and administrators. My fellow Board members and I look forward to your assistance and input in improving our ability in growing and supporting high school lacrosse in Texas.

But this weekend is about celebrating the teams who have advanced to championship weekend and enjoying the competition to see who will become the 2019 THSLL Division I and Division II THSLL Champions. Thank you again to the McKinney program for hosting this event and from the THSLL Board thank you for attending this great weekend of lacrosse.

MISSION STATEMENT

Our Mission: Having Fun While Being Competitive

The McKinney Lacrosse Club has been building athletes and making headlines for fifteen seasons. We are proud to have teams from first grade through high school, including Varsity and Junior Varsity programs for boys as well as a Varsity program for girls.

McKinney Lacrosse has become one of the most successful programs in the State of Texas with both girls and boys programs competing in state championship tournaments. In 2015, the Varsity Girls were the Division II State Champions. In 2016, the Varsity Boys played in the Division II State Championship Game while the Varsity Girls made the Division I State Playoffs in their first year after getting promoted to the top level of competition. These accomplishments were achieved without sacrifice to the environment of sportsmanship, teamwork, respect, family and fun that we work hard to promote and maintain within the McKinney Lacrosse Club.

The fun and competitive edge of the McKinney Lacrosse Club has been strengthened due to our partnerships with our Varsity Coaches Pam Sagehorn (girls) and Jeff White (boys). Both played at the collegiate level as well as having coaching experiences from the northeast. They bring an established hotbed of lacrosse talent. We are confident that under their leadership, we are positioned to continue to grow the McKinney Lacrosse Club in all dimensions: skills, competition, sportsmanship and enjoyment.

The McKinney Lacrosse Club is continuing to partner with the City of McKinney practicing and playing on the fields at Al Ruschhaupt Park, and we are excited about assisting in the development of our future fields at Bonnie Wenk Park. Additionally, we have teamed with McKinney Independent School District to play all of the Varsity and Junior Varsity home games on turf fields.

The McKinney Lacrosse Club is a non-profit organization that was formed to facilitate the growth and development of lacrosse in North Texas while increasing the skills and talent of the athletes who participate on its teams, educating them about the sport and competition plus expanding their love of the game. We seek to provide a positive and enriching lacrosse experience for all players with appropriate opportunity for growth and competition. We strongly believe that the following are an integral part of any player's lacrosse experiences:

- Character, integrity, and sportsmanship**
- Skill development and competition**
- Teamwork**
- Respect for the game and teammates**
- Memorable family experiences**
- Fun**

We wish all of our teams continued success in the 2019 Spring Season!
