1. District Updates

a. San Antonio District

In the Smithson Valley vs. Flour Bluff game there was a fight after a cross check. Flour Bluff asked the officials to forfeit the game in the 4th quarter. The score will be recorded at the time of forfeit.

Forfeit Scores:

If a forfeit is declared by the game official while a contest is in progress or a situation occurs that forces a premature end to the contest, all statistics (other than won-lost and coaches' records) are voided unless the contest has progressed to a "reasonable point of conclusion" (three quarters in men's lacrosse), in which case all statistics shall count and shall be reflected in all records. If the game had progressed to a "reasonable point of conclusion" and the team that was in the lead at the time was declared the forfeit winner, the score shall stand. In a men's lacrosse game, if the score was tied or the trailing team was declared the forfeit winner, then the official game score should be recorded as 1-0.

Josh will get feedback from officials for details, and ask if the officials managed the game. More officials need to be trained for the San Antonio district.
